Warsaw, PL

Full-stack developer with 5 months of commercial experience at Intercode, delivering production-ready web applications for real clients. Skilled in React, Next.js, Node.js, TypeScript, and Spring Boot, with a strong foundation in building responsive UIs and scalable back-end systems. Developed a portfolio of projects including two commercial apps, a personal portfolio website, and a full-stack messenger as part of my engineering thesis. Motivated to grow in an international environment, contribute to impactful products, and continuously expand my expertise.

## Work Experience

Full-Stack Developer

May 2025 - Present

*Intercode | Remotely*

Developed two commercial web applications for clients, one with React, Node.js, and Express, and another with Next.js and supporting libraries. In addition to building new products, I contributed to sustaining and improving other existing projects by fixing bugs, adding features, and ensuring stable performance across the stack.

Delivered projects that went live for external clients, improving company's portfolio and client satisfaction

## Projects

Deyan Project (<https://www.deyanauto.pl/>)

May 2025 - Jul 2025

Developed a responsive web application for an auto service company using React, TypeScript, Node.js, and Express. The platform includes a service showcase, contact form with backend handling, Instagram blog integration, and multi-language support (i18n). Focused on clean UI/UX, mobile-first design, SEO basics, and fast performance.

Intercode Project (<https://www.intercode-software.com/en>)

Jul 2025 - Aug 2025

Marketing site for an outsource software company built with Next.js, Tailwind, TypeScript, Embla, i18n, Nodemailer, SEO-first and fast.

## Core Skills

**Frontend:** Next.js, TypeScript, React, Tailwind, CSS, HTML, JavaScript

**Backend:** Express.js, Node.js, Spring Boot, MySQL, MongoDB, Git, Java

**Soft skills:** Communication, Team collaboration, Adaptability, Fast learning

## Education

Vistula University

Sep 2022 - Present

Engineer's degree Informatics  
GPA: 4.4

## Languages

English (C1), Polish (B2), Russian (C2), Ukrainian (C2), German (A2)
