501247687

Warsaw, Poland

I'm a Full-Stack Developer experienced in TypeScript, Next.js, React, Node.js, and Spring Boot. I build modern web applications with a strong focus on clean code and system performance. I have hands-on experience across front-end, back-end, and databases.

Work Experience

Fullstack Developer

May 2025 - Present

Intercode | Remotely

At Intercode, I work as a Full-Stack Developer on both frontend and backend tasks. On the frontend side, I build responsive user interfaces using TypeScript and React. On the backend, I develop APIs and server-side logic with Node.js and Express.

Projects

Deyan Project

Present

Developed a responsive web application for an auto service company using React, TypeScript, Node.js, and Express. The platform includes a service showcase, contact form with backend handling, Instagram blog integration, and multi-language support (i18n). Focused on clean UI/UX, mobile-first design, SEO basics, and fast performance.

Intercode Project

Jul 2025 - Aug 2025

Marketing site for an outsource software company - Next.js, Tailwind, TypeScript, Embla, i18n, Nodemailer, SEO-first and fast.

Core Skills

Node.js, React, Express.js, MongoDB, MySQL, Java, Spring Boot, Git, Communication, Adaptability, Team collaboration, Fast learning
